

# BRING SUPER SCHOOLS TO YOUR DISTRICT

## Fueling Health and Wellness for Bay Area Students

GENYOUth – a national nonprofit focused on student health and wellness – is proud to partner with the Bay Area Super Bowl Host Committee to provide \$7,000+ in nutrition and physical activity equipment grants to schools in your community. Our Super Schools initiative is here to help you increase access to nutritious school meals and boost student physical activity through evidence-based, easy-to-implement programs.

### What Your School Will Receive

Each selected school will receive:

A nutrition equipment grant

- Includes mobile Grab & Go carts, coolers, and/or point-of-sale systems to improve meal access and participation.

A physical activity grant

- Includes NFL FLAG-In-School kit (courtesy of the NFL Foundation) to promote fun, inclusive fitness.

### The Need Is Urgent

- 30M students rely on school meals daily.
- In the Bay Area, 1 in 5 kids live in poverty; 67% of low-income families struggle to afford food.
- Only 50% of Bay Area students eat school breakfast – yet breakfast improves focus, attendance, and learning.
- 9 in 10 schools need upgraded equipment to better serve nutritious meals.

### Physical Activity is in Crisis

- 1 in 4 kids don't get 60 minutes of activity daily.
- 1 in 3 CA teens don't participate in school P.E.
- Median P.E. budgets are under \$1.50 per student annually.
- Activity plummets from 95% at age 12 to just 23% by 17.

### The Super Schools Solution

GENYOUth's Super Schools program helps you:

- Expand breakfast and lunch participation by up to 58%
- Promote daily movement through flag football and inclusive activities
- Reach students with equity-centered, proven solutions

# Super School Meals Equipment

## Mobile Meal Carts with Milk Barrel and POS

## NFL FLAG In-School Kit

Each NFL FLAG-In-School Kit includes essential equipment and curriculum resources to support a quality flag football program during the school day or in after-school settings. Kits include:

- 10 footballs
- 50 flag belts
- 1 ball pump
- 1 PE curriculum guide, developed with SHAPE America and aligned to national standards
- 1 drawstring bag for easy storage and transport

Designed for inclusivity, the kits feature adaptable lessons and activities that promote physical activity, teamwork, and fun for students of all skill levels.
